

ON TUESDAY MARCH 22 - HAVE YOUR SAY HALTON!

Over the past few years I have hosted a series of consultation meetings across Halton. These provide an opportunity for residents to voice their concerns and ideas directly to me.

Response to these meetings has been overwhelmingly positive, however people are often unable to attend for various reasons including accessibility, age and other commitments.

I strongly believe that in this world of technology, accessibility should NEVER be a barrier between your opinion and me.

So while I assure you that these Town Hall Meetings will continue in future, today, in my continued effort to increase accessibility, I am pleased to invite you to participate in my first ever Tele-Town Hall, a consultation meeting conducted completely by telephone.

Please join the conversation on Tuesday, March 22, 2011 at 7:00 pm. To ensure your participation please RSVP by phone or email to my office and provide your Name, Address and Phone Number by Friday, March 18.
